FTCC to Host Information Session on Training for Jobs in the Growing Healthcare Industry

FAYETTEVILLE, N.C. – March 4, 2010 – Fayetteville Technical Community College (FTCC) will host three information sessions on Thursday, March 11, (9 a.m., 1 p.m., and 6 p.m.) at FTCC's Center for Business and Industry located at 2723 Fort Bragg Road (Room 129). Participants at the sessions will learn about training offered at FTCC in conjunction with Career Step, a leading online healthcare education company. Through the training, students can prepare for careers in the fields of medical transcription and medical coding and billing, two areas expected to experience significant growth in new jobs over the next eight years (projected 11 percent employment growth in medical transcription and 20 percent employment growth in medical coding and billing), according to Bureau of Labor Statistics provided by the U.S. Department of Labor (www.bls.gov, Occupational Outlook Handbook 2010-11). The programs are available to North Carolina residents and military families residing in North Carolina; special pricing is available. FTCC offers these programs to help individuals in the community quickly gain the needed education to qualify for the jobs.

More information about FTCC's medical transcription and medical coding and billing training sessions is available at www.careerstep.com/ftcc or by calling FTCC at 910-678-0177.

Fayetteville Technical Community College was established in 1961 and serves over 34,000 students annually by providing 150 affordable occupational, technical, general education, college transfer, and continuing education programs to meet students' needs and desires as well as the community.
